

DOWNLANDS COMMUNITY SCHOOL

Preventing Extremism and Radicalisation Policy

Introduction

Downlands Community School is committed to providing a secure environment for pupils, where children feel safe and are kept safe. All adults at Downlands Community School recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not.

School Ethos and Practice

When operating this policy Downlands Community School uses the following accepted Governmental definition of extremism which is:

'Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas'

There is no place for extremist views of any kind in our school, whether from internal sources – pupils, staff or governors, or external sources - school community, external agencies or individuals. Our pupils see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this – we have a duty to ensure this happens.

Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this; equipping young people with the knowledge, skills and critical thinking, to challenge and debate in an informed way.

At Downlands we provide a broad and balanced curriculum, delivered by skilled professionals, so that our pupils are enriched, understand and become tolerant of difference and diversity and also to ensure that they thrive, feel valued and not marginalized.

Any prejudice, discrimination or extremist views, including derogatory language, displayed by pupils or staff will always be challenged and where appropriate dealt with in line with our Behaviour Policy for pupils and the Code of Conduct for staff. Where misconduct by a member of staff is proven the matter may be dealt with through the school's disciplinary procedures.

As part of wider safeguarding responsibilities school staff will be alert to:

- Disclosures by pupils of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where pupils have not actively sought these out
- Graffiti symbols, writing or art work promoting extremist messages or images
- Pupils accessing extremist material online, including through social networking sites
- Parental reports of changes in behaviour, friendship or actions and requests for assistance
- Neighbouring schools, local authority services and police reports of issues affecting pupils in other schools or settings
- Pupils voicing opinions drawn from extremist ideologies and narratives
- Use of extremist or 'hate' terms to exclude others or incite violence
- Intolerance of difference, whether secular or religious or, in line with our equalities policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture
- Attempts to impose extremist views or practices on others
- Anti-Western or Anti-British views

Teaching Approaches

We will all strive to eradicate the myths and assumptions that can lead to some young people becoming alienated and disempowered, especially where the narrow approaches children may experience elsewhere may make it harder for them to challenge or question these radical influences.

We will ensure that all of our teaching approaches help our pupils build resilience to extremism and give pupils a positive sense of identity through the development of critical thinking skills. We will ensure that all of our staff are equipped to recognise extremism and are skilled and confident enough to challenge it.

We will also work with local partners, families and communities in our efforts to ensure our school understands and embraces our local context and values in challenging extremist views and to assist in the broadening of our pupil's experiences and horizons. We will help support pupils who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a pupil is being directly affected by extremist materials or influences we will ensure that that pupil is offered mentoring. Additionally in such instances our school will seek external support from appropriate local services working to prevent extremism.

At Downlands Community School we will promote the values of democracy, the rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage pupils to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our pupils safe and prepare them for life in modern multi-cultural Britain and globally.

Use of External Agencies and Speakers

At Downlands we encourage the use of external agencies or speakers to enrich the experiences of our pupils; however we will positively vet those external agencies, individuals or speakers who we engage to provide such learning opportunities or experiences for our pupils.

Such vetting is to ensure that we do not unwittingly use agencies that contradict each other with their messages or that are inconsistent with, or are in compete opposition to, the school's values and ethos. We must be aware that in some instances the work of external agencies may not directly be connected with the rest of the school curriculum so we need to ensure that this work is of benefit to pupils.

Child protection

Where there is any concern of extremism or radicalisation, both from within or outside school staff are expected to follow clear procedures laid out in the Child Protection Policy and in the Whistle Blowing Policy.

Training

Whole school in-service training on Safeguarding and Child Protection will be organised for staff and governors at least every three years and will comply with the prevailing arrangements agreed by the local Safeguarding Children Board and will, in part, include training on extremism and radicalisation and its safeguarding implications.

The Designated Safeguarding Lead will attend training courses as necessary and the appropriate inter-agency training organised by the local Safeguarding Children Board at least every two years, again this will include training on extremism and radicalisation and its safeguarding implications.

Recruitment

The arrangements for recruiting all staff, permanent and volunteers, to our school will follow safer recruitment guidelines. We will apply safer recruitment best practice principles and sound employment practice in general and in doing so will deny opportunities for inappropriate recruitment or advancement.

Role of Governing Body

The Governing Body of our School will undertake appropriate training to ensure that they are clear about their role and the parameters of their responsibilities as Governors, including their statutory safeguarding duties.

The Governing Body of our school will support the ethos and values of our school and will support the school in tackling extremism and radicalisation.

In line with Recommendation 13 of Peter Clarke's report details of our Governing Body will be published on our school website to promote transparency.

In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education, 2015' the governing body will challenge the school's senior leadership team on the delivery of this policy and monitor its effectiveness.

Governors will review this policy every two years and may amend and adopt it outside of this timeframe in accordance with any new legislation or guidance or in response to any quality assurance recommendations pertaining to the delivery of this policy and the overall safeguarding arrangements made.
