April 2019

Dear Parent/Carer

### GCSE Science Exams

Your daughter/son will soon be sitting their GCSE science examinations.

One element that they will be assessed on in Physics is equations and algebra; they will be expected to know the attached equations off by heart. I have added a key to the AQA official document so that you and your child know whether the physics equations are in paper 1, paper 2 or separate science only.

They are also expected to know chemical equations/formula, in both Chemistry and Biology, off by heart which I have also attached

I hope you find this resource helpful. The science department wish your child good luck and success in all of their upcoming assessments.

Thank you for your support.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'M Urwin'.
