9 November 2018

Dear Parents and Carers

Year 9 Curriculum Enrichment Activities – 19 and 22 July 2019

At the end of the academic year, we offer two days Curriculum Enrichment Activities (CEA) for the whole school. This July we have several excellent choices for Year 9 students to choose from, including two trips to Europe which are residential trips and one residential trip to Wales – please find letters attached regarding these trips.

Please read this letter fully, and complete, sign and return the Choices Form to the **trips box by 19 November 2018**. Please review the available activities with your child and select three CEA that they would be interested to participate in, in order of preference with 1 being their first choice.

This year we are very excited to offer two residential trips to Europe, however these will only be able go ahead if the required number of students wish to go on these trips, as the cost is dependant on attendees. If your child wishes to go on these trips, we will be requesting a deposit of approximately £150 by 23 November 2018 in order to secure the bookings with the tour operators. Please find attached two letters to give more information about the trips to Italy and Greece.

We aim to give every student their first choice, but if an activity is oversubscribed, we will pull names out of a hat. Similarly, if a trip is not popular enough to run, we will offer your child their second choice. Your child will receive a letter to confirm their CEA, giving full details of the two days activities, with payment information. We will aim to send confirmation letters home before the Christmas holidays (the European residential trip confirmation letters will be sent out 20/21 November).

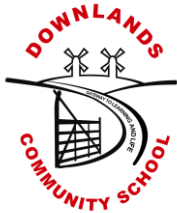

Our payment preference for your child's CEA is online through SCO Pay. Full payment is required prior to the activity and by the date specified in the letter of confirmation. Advance payment is require as we must make full payment to suppliers well before July and in many cases, at the time of booking. If full payment is not received by the specified date, we will reallocate your child to a free, in school CEA. Financial assistance cannot be offered for CEA as we are able to offer free and low cost activities, to suit all students. Financial support may be offered to certain students for the residential trip to Wales only, but requests must be made on the Choices Form when you complete and return it. Refunds can only be given if we are able to offer the place to another student well before the CEA takes place, therefore please ensure you are fully aware of the estimated cost before completing the CEA choices page. Costs are estimated based on full capacity and anticipated costs from our suppliers. Prices may vary slightly, especially for activities using coaches, as the coach hire price remains the same whether we have 20 or 40 children, however we always try to keep the cost as near as possible to the anticipated cost.

Please find the list of Curriculum Enrichment Activities to choose from on the next page, with the Choices Form on the third page. Please remember to complete and return the form to the trips box by Monday 19 November.

Yours faithfully

Mr Davies
Deputy Head Teacher
