12 March 2021

Dear Parent/Carer

### HPV Vaccine – Year 10 second dose

Your daughter should have received dose one of her HPV vaccination in Year 8 and the second dose was due in Year 9, due to the Covid-19 Pandemic, that second dose was delayed. We would like to inform you that the date for the second part of her vaccination in school has now been confirmed as **Wednesday 31 March 2021**.

The immunisation team has requested that girls be encouraged to attend the session and **that we remind them of the importance of eating breakfast on the day of their vaccination.**

We also ask if you could ensure on the day of the vaccination, that your daughter wears a short sleeved shirt or where this is not possible a vest top underneath her shirt.

Please accept my apologies if you opted out of the vaccination programme in Year 8 or requested that your daughter have her vaccinations at your GP surgery, we have not been given this information from the immunisation team and are therefore sending this letter out generically to the parents/carers of all Year 10 girls.

If you have any queries with regards to the HPV vaccination programme, please contact the School Immunisation Team directly on the following number and they will be able to advise you.

Brighton Team: 01273 696011 ext. 3789.

Your co-operation is greatly appreciated.

Yours faithfully

Mrs L Pryor  
Medical Welfare Officer
