Dear Parent/Carer

Re: Rescheduled Year 9 Girls and Boys HPV Vaccination programme

As you are aware, your child was due to receive the first part of their HPV vaccination earlier in the year. Due to the Coronavirus outbreak, all school based vaccination programmes were cancelled indefinitely.

I have contacted the Immunisation Team with regards to all upcoming and rescheduled dates, and have been advised that as things currently stand, they are as follows:

Year 9 HPV Dose 1 is scheduled for Thursday 17 December 2020. You have already completed and returned the consent form in preparation for this earlier in the year. No action need be taken.

Year 9 Teenage Booster Vaccination is scheduled for Tuesday 19 January 2021. The consent form was sent home with your child yesterday and must be completed and returned for collection by the Immunisation Team by Tuesday 1 December 2020.

Year 9 HPV Dose 2 - There should be a six-month gap between dose 1 and dose 2. The proposed date for this stands at Monday 12 July 2021, but this **has not** yet been confirmed. I will update all Year 9 parents as soon I have the confirmed date.

Please be aware the above dates are subject to change due to the ongoing Coronavirus pandemic.

Please also note, this is a generic e-mail sent to all Year 9 parents, please disregard if you have opted out of the vaccination programme.

Thank you in anticipation of your assistance in this matter.

Take care and stay safe.

Yours faithfully

Mrs L Pryor
Medical Welfare Officer
