July 2020

Dear Parent/Carer

Due to the Government's guidelines on social distancing requirements in schools we are required to keep year groups in 'bubbles' and limit their movements throughout the school. Unfortunately, this will mean from September our students will only be allowed access to the area their year group bubble is allocated so they won't be able to access their lockers.

The future is so unknown at the moment and the bubbling may not be required for long so this situation may be a temporary one. We are planning on reviewing this each half term as the guidance changes so frequently and will update you with any changes. As soon as the year groups don't need to be separated we will have the lockers available as normal but don't know if this will be weeks or months. We would not expect there to be a great need for the students to use their lockers in September anyway as they will not be bringing PE kit into school initially and will not be required to carry bags from room to room.

However, if you would prefer to cancel your booking or speak to someone about a partial refund in the form of a voucher for another booking please contact Prefect Lockers directly via their website www.locker.rentals.

Yours faithfully

J Searle
