Dear Parent/Carer,

Re: Key Stage Three Science revision guides

I hope this letter finds you well.

If you and your child are new to the school, I would like to extend a welcome from the Science department. If your child is returning for the new academic year; welcome back!

We are often asked about additional resources that pupils can use to support their schoolwork at home, and there are plenty. Some good ones are below:

- **BBC BiteSize (KS3):** <https://www.bbc.co.uk/bitesize/subjects/zng4d2p>
- **Oak National Academy:** <https://www.thenational.academy/teachers/programmes/science-secondary-ks3/units>
- **Science Journals for Kids:** <https://www.sciencejournalforkids.org/> (This one is less for revision but excellent for casual reading to help grasp scientific language. We use some of these in DEAR Time through the year).

In addition to this, we used to sell revision books. Whilst we no longer sell them, they are available from various retailers. They are called **CGP KS3 Science: Knowledge Organiser and Retriever Bundle** (approx. £10-£15). It is worth noting that these are not at all mandatory.

I hope you have found this information useful.

Yours faithfully,

T. Humphrey

Mr. T Humphrey

Science Key Stage Three Coordinator
